Total Burden			\$3,816,000 Non-Hour Cost Burdens	

Estimated Reporting and Recordkeeping Non-Hour Cost Burden: We have identified three non-hour cost burdens to industry. We estimate the total of those at \$3,816,000 for the following:

Section 285.111–\$16,000: This section requires respondents to pay a processing fee for MMS document or study preparation when necessary for MMS processing of applications and requests. The processing fee is \$4,000 and we anticipate approximately 4 fees.

Section 285.111(b)(3)–\$2,850,000: This section allows respondents to pay a contractor instead of MMS for all or part of any document, study, or other activity, and provide the results to MMS to reduce MMS processing costs. We estimate the non-hour cost burden of this payment could range from \$100,000 to \$2,000,000; therefore, we are estimating the cost at \$950,000. We anticipate no more than 3 payments.

Section 285.417(b)–\$950,000: This section requires respondents to pay for a site-specific study to evaluate the cause of harm or damage to natural resources, and submit a report to MMS. We estimate the non-hour cost burden of this study could range from \$100,000 to \$2,000,000, depending on the nature of the study; therefore, we are estimating the cost at \$950,000. We anticipate no more than one study.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

Comments: Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3501, *et seq.*)

requires each agency “* * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *” Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, on September 23, 2009, we published a **Federal Register** notice (74 FR 48588) announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. In addition, § 285.114 provides the OMB control number for the information collection requirements imposed by the 30 CFR 285 regulations. The regulation also informs the public that they may comment at any time on the collections of information and provides the address to which they should send comments. We have received no comments in response to these efforts.

If you wish to comment in response to this notice, you may send your comments to the offices listed under the **ADDRESSES** section of this notice. The OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum

consideration, OMB should receive public comments by February 11, 2010.
