BILLING CODE 6560-50-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 64

[Internal Agency Docket No. FEMA-8147; Docket ID FEMA-2010-0003]

Suspension of Community Eligibility

AGENCY: Federal Emergency Management Agency, DHS.
ACTION: Final rule.

SUMMARY: This rule identifies communities, where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP), that are scheduled for suspension on the effective dates listed within this rule because of

noncompliance with the floodplain management requirements of the program. If the Federal Emergency Management Agency (FEMA) receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will not occur and a notice of this will be provided by publication in the **Federal Register** on a subsequent date.

DATES: *Effective Dates:* The effective date of each community's scheduled suspension is the third date ("Susp.") listed in the third column of the following tables.

FOR FURTHER INFORMATION CONTACT: If you want to determine whether a particular community was suspended on the suspension date or for further information, contact David Stearrett, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-2953.

SUPPLEMENTARY INFORMATION: The NFIP enables property owners to purchase flood insurance which is generally not otherwise available. In return, communities agree to adopt and administer local floodplain management aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits flood insurance coverage as authorized under the NFIP, 42 U.S.C. 4001 *et seq.*; unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed in this document no longer meet that statutory requirement for compliance with program regulations, 44 CFR part 59. Accordingly, the communities will be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. However, some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue their eligibility for the sale of insurance. A notice withdrawing the suspension of the communities will be published in the **Federal Register**.

In addition, FEMA has identified the Special Flood Hazard Areas (SFHAs) in these communities by publishing a Flood Insurance Rate Map (FIRM). The date of the FIRM, if one has been published, is indicated in the fourth

column of the table. No direct Federal financial assistance (except assistance pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act not in connection with a flood) may legally be provided for construction or acquisition of buildings in identified SFHAs for communities not participating in the NFIP and identified for more than a year, on FEMA's initial flood insurance map of the community as having flood-prone areas (section 202(a) of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4106(a), as amended). This prohibition against certain types of Federal assistance becomes effective for the communities listed on the date shown in the last column. The Administrator finds that notice and public comment under 5 U.S.C. 553(b) are impracticable and unnecessary because communities listed in this final rule have been adequately notified.

Each community receives 6-month, 90-day, and 30-day notification letters addressed to the Chief Executive Officer stating that the community will be suspended unless the required floodplain management measures are met prior to the effective suspension

date. Since these notifications were made, this final rule may take effect within less than 30 days.

National Environmental Policy Act. This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Considerations. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Administrator has determined that this rule is exempt from the requirements of the Regulatory Flexibility Act because the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits flood insurance coverage unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed no longer comply with the statutory requirements, and after the effective date, flood insurance will no longer be available in the communities unless remedial action takes place.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This rule meets the applicable standards of Executive Order 12988.

Paperwork Reduction Act. This rule does not involve any collection of information for purposes of the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*

List of Subjects in 44 CFR Part 64

Flood insurance, Floodplains.

■ Accordingly, 44 CFR part 64 is amended as follows:

PART 64—[AMENDED]

■ 1. The authority citation for part 64 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp.; p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp.; p. 376.

§ 64.6 [Amended]

■ 2. The tables published under the authority of § 64.6 are amended as follows:

State and location	Community No.	Effective date authorization/cancellation of sale of flood insurance in community	Current effective map date	Date certain federal assistance no longer available in SFHAs

RIN 0648–AY29

Fisheries of the Northeastern United States; Northeast Multispecies Fishery; Adjustment to Fishing Year 2010 Georges Bank Yellowtail Flounder Total Allowable Catch

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary final rule; adjustment to specifications.

SUMMARY: Final catch data for the 2009 fishing year (FY) (May 1, 2009–April 30, 2010) indicate that the total catch of Georges Bank (GB) yellowtail flounder was 1,770 mt, exceeding the 1,617 mt FY 2009 Total Allowable Catch (TAC) by 153 mt. The regulations require that

any overage of the GB yellowtail flounder TAC specified for the common pool, individual sectors, or the scallop fishery in one FY be subtracted from the respective TACs in the following FY. Therefore, NMFS hereby announces deductions to the FY 2010 GB yellowtail flounder TAC, including how the deduction will be divided between the annual catch limit (ACL) for common pool vessels (common pool sub-ACL), and the ACL for sector vessels (sector sub-ACL).

DATES: Effective September 7, 2010 through April 30, 2011.

FOR FURTHER INFORMATION CONTACT:

Douglas Potts, Fishery Policy Analyst, (978) 281–9341.

SUPPLEMENTARY INFORMATION: The TACs for Eastern GB cod, Eastern GB haddock, and GB yellowtail flounder in the U.S./Canada Management Area were published in the **Federal Register** on April 9, 2010 (75 FR 18356) as part of the Framework Adjustment 44 (FW 44) final rule. That action established the FY 2010 U.S. TACs of GB cod, haddock, and yellowtail flounder at 338 mt, 11,988 mt, and 1,200 mt, respectively, and specified that, should an analysis of the catch by U.S. vessels indicate that an overage occurred during FY 2009, the pertinent TAC would be adjusted downward in order to be consistent with the FMP and the U.S./Canada Resource Sharing Understanding (Understanding). The regulations at

§ 648.85(a)(2)(ii) require that “any overages of the GB cod and GB haddock TACs specified for either the common pool or individual sectors, or any overages of the GB yellowtail flounder TAC specified for the common pool, individual sectors, or the scallop fishery * * * that occur in a given fishing year will be subtracted from the respective TAC in the following fishing year.” The final annual catch analysis cannot be completed until about 1 month into the following FY because of the need to include any late reports from vessels and dealers. Therefore, any required TAC adjustment must be made during the FY following the FY in which the overage occurred.

Based upon vessel reports, dealer reports, and other information available as of June 8, 2010, the total estimated catch of GB yellowtail flounder in the U.S./Canada Management Area during FY 2009 was 1,770 mt. This exceeds the overall FY 2009 GB yellowtail flounder TAC of 1,617 mt by 153 mt. Therefore, an overage of 153 mt of GB yellowtail flounder must be subtracted from the overall FY 2010 U.S./Canada GB yellowtail flounder TAC through this action. This results in an adjusted overall TAC of 1,047 mt for FY 2010 for GB yellowtail flounder. The Eastern GB cod and haddock TACs were not exceeded in FY 2009. Therefore, these two TACs are not adjusted.
